product Hana standout Walnut planks—secured with industrial aluminum brackets—assume a dynamic posture, providing a kinetic foil for the straightforward glass tabletop. peterharrison.com. circle 421

Francesco Barberini and Nina Gunnell
of **Barberini & Gunnell**

product Bangles Amaranto standout A rich slab of amaranth, an exotic wood that grows in rainforests, tempers the flamboyance of the table's mirror-polished stainless-steel base. barberini-gunnell.com. circle 422

Alessandro Busana
for **Roche Bobois**

product Iride standout The inverted steel arches of the table's base supply visual drama—not to mention clever resting spots for reading material. roche-bobois.com. circle 423

Victor Carrasco
for **Vicarbe**

product Serra Round standout Inspired by the pure lines of Richard Serra sculptures, this steel-reinforced MDF table is light enough to be mobile; note the handy carrying strap. vicarbe.com. circle 424

Mac Stopa
for **Tonon & C**

product Move standout The cabinet front is embossed with a pleasing pebble-like texture fabricated of oak or walnut veneer—or perhaps more intriguingly, soft-touch polyurethane. Through Sandler Seating. sandlerseating.com. circle 425

of **Buratti Architetti**
for **Alias**

product Saen standout The table's round concrete base resembles a bulb sprouting shoots and then a flower—in this case, a top in solid oak or stratified lacquered glass. Through Suite NY. suiteny.com. circle 426

Brandon and Amy Phillips
of **Miles & May Furniture Works**

product A2 3-Drawer standout The dresser's edgy stance derives from a medley of materials: walnut for the exterior, solid maple for drawer interiors, matte black aluminum for the hardware, and matte black steel for the frame. milesandmay.com. circle 427

Samuel Amoia
of **Itz'ana Home**

product Geometric standout Inspired by the workshops of Central America—and handmade in Belize—the screen features geometric details carved from *palo blanco*, an indigenous hardwood. itzanahome.com. circle 428
